

Baby Shower Bingo Host sheet

Picture bingo for your baby shower, sprinkle or family party. Allow about 10 minutes to print, cut the calling cards and hand out boards.

In this pack

- **Page 2** · caller's tick sheet
- **Pages 3–12** · boards 1–20 with pictures and words, two to a page
- **Pages 13–32** · the same boards 1–20 as big picture boards for younger players
- **Pages 33–36** · 40 calling cards to cut out

Set up

1. Print only what you need: one board per guest or team.
2. Give out pencils, crayons, stickers or small counters to cover pictures.
3. Choose the winning pattern and tell everyone before the first call.
4. Cut out the calling cards and put them in a bowl, a basket or a gift bag, or open the TV caller.

How to play

1. The caller draws one picture at a time and reads its name aloud.
2. Players cover that picture if it is on their board. The sleeping bundle in the middle is free.
3. Finish the pattern and shout "Bingo!"
4. Check the board against the calls. If it is right, that player wins. Two players who finish on the same call share the win.

Patterns

Any line

A full row, column or diagonal

Four corners

All four corner pictures

The X

Both diagonals, through the free bundle

Picture frame

Every picture around the edge

Baby bottle

A teat on top and a full bottle below

Blackout

Every picture on the card

On paper you can play any pattern. A line is quickest; blackout lasts longest. The free TV caller checks lines and four corners; with At Yours Plus it checks every pattern.

Using the TV caller

Open playatyours.com/play/baby-shower-bingo/?mode=tv on a laptop or TV. It calls each picture with the animated baby mobile and shows a board of every called picture. Space calls the next picture, P pauses, U undoes, F goes full screen.

When someone shouts Bingo, press C, type the number from the corner of their board and the caller checks that board against every call. Each board number from 1 to 20 has its own layout.
