

Bridal Shower Bingo

Host sheet

Picture bingo for your bridal shower, wedding shower or engagement party. Allow about 10 minutes to print, cut the calling cards and hand out boards.

In this pack

- **Page 2** · caller's tick sheet
- **Pages 3–12** · boards 1–20 with pictures and words, two to a page
- **Pages 13–32** · the same boards 1–20 as big picture boards for younger players
- **Pages 33–36** · 40 calling cards to cut out

Set up

1. Print only what you need: one board per guest or team.
2. Give out pencils, crayons, stickers or small counters to cover pictures.
3. Choose the winning pattern and tell everyone before the first call.
4. Cut out the calling cards and put them in a teacup, a hat or a gift bag, or open the TV caller.

How to play

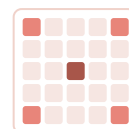

1. The caller draws one picture at a time and reads its name aloud.
2. Players cover that picture if it is on their board. The glowing heart in the middle is free.
3. Finish the pattern and shout "Bingo!"
4. Check the board against the calls. If it is right, that player wins. Two players who finish on the same call share the win.

Patterns

Any line

A full row, column or diagonal

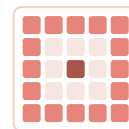

Four corners

All four corner pictures

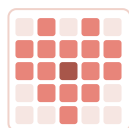

The X

Both diagonals, through the free heart

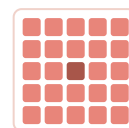

Picture frame

Every picture around the edge

Heart

Two rounded tops meeting in a point

Blackout

Every picture on the card

On paper you can play any pattern. A line is quickest; blackout lasts longest. The free TV caller checks lines and four corners; with At Yours Plus it checks every pattern.

Using the TV caller

Open playatyours.com/play/bridal-shower-bingo/?mode=tv on a laptop or TV. It calls each picture with the animated cake stand and shows a board of every called picture. Space calls the next picture, P pauses, U undoes, F goes full screen.

When someone shouts Bingo, press C, type the number from the corner of their board and the caller checks that board against every call. Each board number from 1 to 20 has its own layout.

Caller's tick sheet
