

The Moonlit Picnic

PLAYER CARDS - 2 PAGES

Cut along the dotted borders. Put one card in each matching numbered envelope.

CARD 1 / The night-sky count

Only stars count toward the first number. How many stars can you see?

CARD 2 / The right key

The right key has a round top AND stripes. Its label is the second number.

CARD 3 / The missing stepping stone

Count forward by one. The missing number is the third number in our code.

CODE SHEET & PICNIC INVITATION

Keep this sheet at the table. Explain each answer to the host before opening the invitation.

Our picnic code

Write your answers in card order, even if you solved them in a different order.

CARD 1

CARD 2

CARD 3

Tell the host: What did we count? Which key matches both clues? What belongs in the gap?

Host: cut out the invitation below, add the secret code inside, then fold it.
