PLAY AT YOUR TABLE

Print. Gather. Make a night of it.

The family table quiz

Six rounds. Sixty questions to discover. Bring your sharp eyes, your wild guesses and your people.

WHO IS PLAYING

12+ | 4–24 players in 2–6 teams

YOUR EDITION

Illustrated colour

Open the next page to set up. Printing the cover is optional.

SET UP & PLAY

Before you gather.

Designed for 12+; 4–24 players in 2–6 teams. Planning time: 45–60 minutes.

Age and play time are guides. Take breaks and play at a pace that suits your group.

Materials: One shared phone, tablet or computer

1. Play solo, cooperate on one score, or take turns in up to four teams.

2. Choose 12, 36 or all 60 questions. There is no timer.

3. Tap an answer or arrange the tiles in order, then lock it in. Each correct answer earns one point.

4. Pass whenever you like. Answers include explanations. Progress saves on this device.

Print only what you will use: the cover is optional. Card decks are single-sided; cut on the card borders. Put face-down cards on opaque paper or card so their fronts cannot show through.

Keep the host guide separate: it contains hints and solutions. Print at 100% scale on the labelled paper size. Do not select “fit” if measuring printed elements.

Your playing cards

Cut on the card borders; small corner marks guide your cuts. Print single-sided. Keep cards uncut and point to them if preferred.

1-6 OF 60 CARDS

SPACE

Which planet is closest to the Sun?

The family table quiz

SPACE

Which planet is the largest?

The family table quiz

SPACE

The closest planet to the Sun is not the hottest. Which is?
