Grown-up quick guide

1. Cut out the start card, cards 1–7 and the treasure tag.
2. Hide them using the host sheet: card 1 under a pillow, card 2 on the fridge and so on. Put the treat and its tag on the doormat inside the front door.
3. Hand over the start card. Read each picture together.

4. Each card shows a little picture code. Tap it in the companion to collect the card and move the lantern ghost along the map.

5. Need help? The companion has a nudge, a strong hint and the answer for every card.
