Treasure tag

You cracked it!

Put this tag with the treasure behind the sofa. In the companion, tap
"We found the treasure!"

The decoder

1	2	3	4	5	6	7	8	9	10

_____ THE _____

Stuck? The companion has three hints for the decoder.

Seekers' rules

1. Read the start card's riddle. The answer is a place in your home: go and look there.
2. Each card you find has a letter in its lantern and the next riddle. Tap the letter in the companion, or write it on the decoder.
3. Keep the cards you find together, so you can check your letters at the end.
4. Ten letters unscramble into the treasure's hiding place.
5. No peeking at the host sheet. Hints are allowed: a nudge first, then a strong hint, then the answer.
