Answers & facts

Kids' Trivia · Round 1 · Animal friends · 10 questions

1. What is a baby dog called?
   C. A puppy
   Did you know? Puppies are born with their eyes closed.

2. Which animal has black and white stripes?
   D. A zebra
   Did you know? No two zebras have exactly the same stripes.

3. What do fish use to breathe underwater?
   A. Gills
   Did you know? Gills take oxygen out of the water.

4. Which animal says "neigh"?
   B. A horse
   Did you know? A baby horse is called a foal.

5. Which animal carries its home on its back?
   D. A snail
   Did you know? A snail's shell grows bigger as the snail grows.

6. What is a baby frog called?
   A. A tadpole
   Did you know? Tadpoles live in water and breathe with gills, like fish.

7. Which animal has a very long trunk?
   D. An elephant
   Did you know? An elephant uses its trunk to smell, drink, pick things up and say hello.

8. Which of these animals is a reptile?
   A. A crocodile
   Did you know? Reptiles have dry, scaly skin.

9. What do we call a big group of fish swimming together?
   C. A school
   Did you know? Swimming together helps fish stay safe.

10. Which animal is famous for its very long neck?
    C. A giraffe
    Did you know? A giraffe has seven bones in its neck, the same number as you.
